## Becoming a Love and Logic Parent

A workshop facilitated  
by Reverend Tassie Green

It's never too  
late to start being  
passionate about your  
parenting or grandparenting;

We're never so good at the  
parenting game to not need  
some tools and inspiration.

- ~ 1 required workbook per person/couple \$8
- ~ Optional (but encouraged) dinner 5:45 pm  
\$3 per person—Kids 3 and under eat free!
- ~ Workshop 6:15—7:30 pm
- ~ Childcare for all ages \$3 per child

### Learn how to tackle difficult parenting decisions:

- ~ Handling misbehavior and arguments without breaking a sweat.
- ~ Setting limits to create happier parents, happier children, and happier families.
- ~ Turning your word into gold: the art of enforceable statements.
- ~ Let empathy and consequences do the teaching.
